## FROM THE PREACHER'S DESK

### September 17, 2023

Our LifeLinks ministry seems to be off to a really good start this fall. LifeLinks is a vital way that we connect with each other and continue to grow spiritually through study and discussion. It is a tangible way to make some close connections to people of like mind and faith. When you consider the fact that Jesus connected with His chosen 12, and even had an inner circle of 3, you can see the need for these special connections. While our groups are off to a good start this fall, there is still room for you and we would be glad to have to look for ways to start new groups. If you have any interest in joining a group, or are unfamiliar with what these groups are, please don't hesitate to reach out to me as soon as possible.

I appreciate our team that works in the college ministry and the efforts they put into Student Sunday last week. It was great to be able to meet some students from MTSU and Raiders for Christ, as well as seeing some of our very own students. This team is working hard to build our college ministry here at Kingwood. I also appreciate those that have adopted some college students for this school year. Your support of them throughout the year will mean a lot to them and I hope that you will be diligent to stay in touch with them. Thanks again to the College Life team for their efforts to minister to our college students.

Finally this week, a huge thanks to Sharon Burke and her team that did a great job with the Magi boxes as well as all those who participated. Your efforts will make an impact on those that receive the boxes. Thanks for your efforts!
