## FROM THE PREACHER'S DESK

### September 24, 2023

As you look at our bulletin every week, it is filled with multiple ministries who are doing great things. Each of these ministries has ministry leaders who are dedicated to their ministry and are working hard to make sure their ministries are successful. Every week we have members sending cards, making food, and doing various things that are more behind the scenes. We have groups of folks going out to do yard work, helping folks move from time to time, and this list could go on and on. Why do I point all of these things out this week? Quite simply, Kingwood is a great place to worship, serve, and be a part of. We are family and it is a blessing to be here. To all of Kingwood, I say thank you! You are amazing! For those that might be looking for a church home, I would love to talk to you more because you will find a group of loving people who are serving the Lord in this place. You won't find perfect people, but you will find people who are trying to live for Jesus. Thanks, Kingwood, for being who you are!

Two weeks from today, we will have our first four-week Intensives. David will be sharing information about all of the classes but I want to share how I am looking forward to the class that Brett and I will co-teach. Social Media is prevalent in our world today. So many people from all walks of life use it, and with that comes some great responsibilities as parents. Brett and I will be spending these four weeks looking at the positives and negatives of social media as well as giving some tips for effectively and safely using it. The class will be intended for all parents of elementary, middle, and high school, as well as our teens. We will have sessions together as well as some times with the teens by themselves. Feel free to join us if this is something you might find beneficial.
